## Project Introduction:

Zentrix is an e-commerce web application specializing in selling electronic devices such as laptops, smartphones, tablets, accessories, and more. The platform is designed to provide a fast, secure, and user-friendly shopping experience for customers while enabling administrators to efficiently manage products, orders, and customer interactions. With Zentrix, customers can easily browse, compare, and purchase electronic products from a well-organized and responsive website. Meanwhile, the admin panel offers powerful tools to manage inventory, track orders, and analyze sales data, making it an ideal solution for businesses in the electronics retail industry.

## Technologies Used:

- Backend: Java, Spring Boot
- Frontend: React.js
- Database: PostgreSQL
- Version Control: Git
- Testing Tools: Katalon, Swagger, Postman.

## Project Purpose and Role:

Zentrix is an e-commerce web application specializing in selling electronic devices such as laptops, smartphones, tablets, accessories, and more. The project

aims to provide a modern, fast, and secure shopping experience for customers while enabling administrators to manage products and orders efficiently.

## Project Purposes:

- Seamless Shopping Experience: Customers can browse, search, and purchase electronic products easily.
- Product & Order Management: Admins can add, update, and remove products while tracking orders and customer interactions.
- Secure Transactions: Integrating secure payment gateways to ensure safe and reliable transactions.
- Customer Engagement: Providing customer reviews, ratings, and a support system to enhance user trust.
- Scalability & Performance: Designed to handle a large number of users and product listings efficiently.

### e) Lock/Unlock customer

The screenshot shows the Zentrix Dashboard with a yellow callout box pointing to the lock icon in the action column of the first row. The callout box contains the text "Click lock button to lock customer". The table data is identical to Figure 3, with the addition of a yellow highlight around the lock icon in the first row's action column. A red arrow points from the text in the callout box to this highlighted icon.

#### d) Delete product

The screenshot shows the Zentrix Product Management interface. The left sidebar includes 'Products & Inventory', 'Product' (selected), 'Inventory', 'Staff & Customers', 'Operations', and 'Content'. The main area is titled 'Product Management' and contains a table of products. The table columns are 'Product Name', 'Category', 'Store', 'Description', 'Price', 'Status', and 'Action'. The 'Action' column features icons for various operations. Two red arrows point to specific icons: one to the 'switch icon' (a grey circle with a dot) and another to the 'trash can icon' (a red trash bin). A yellow box highlights the 'switch icon' with the text 'In the product management interface, click the switch icon to temporarily disable the product.' A second yellow box highlights the 'trash can icon' with the text 'In the product management interface, click the trash can icon to delete the product.' The bottom of the screen shows pagination and a copyright notice.

### b) Import stock by using Excel

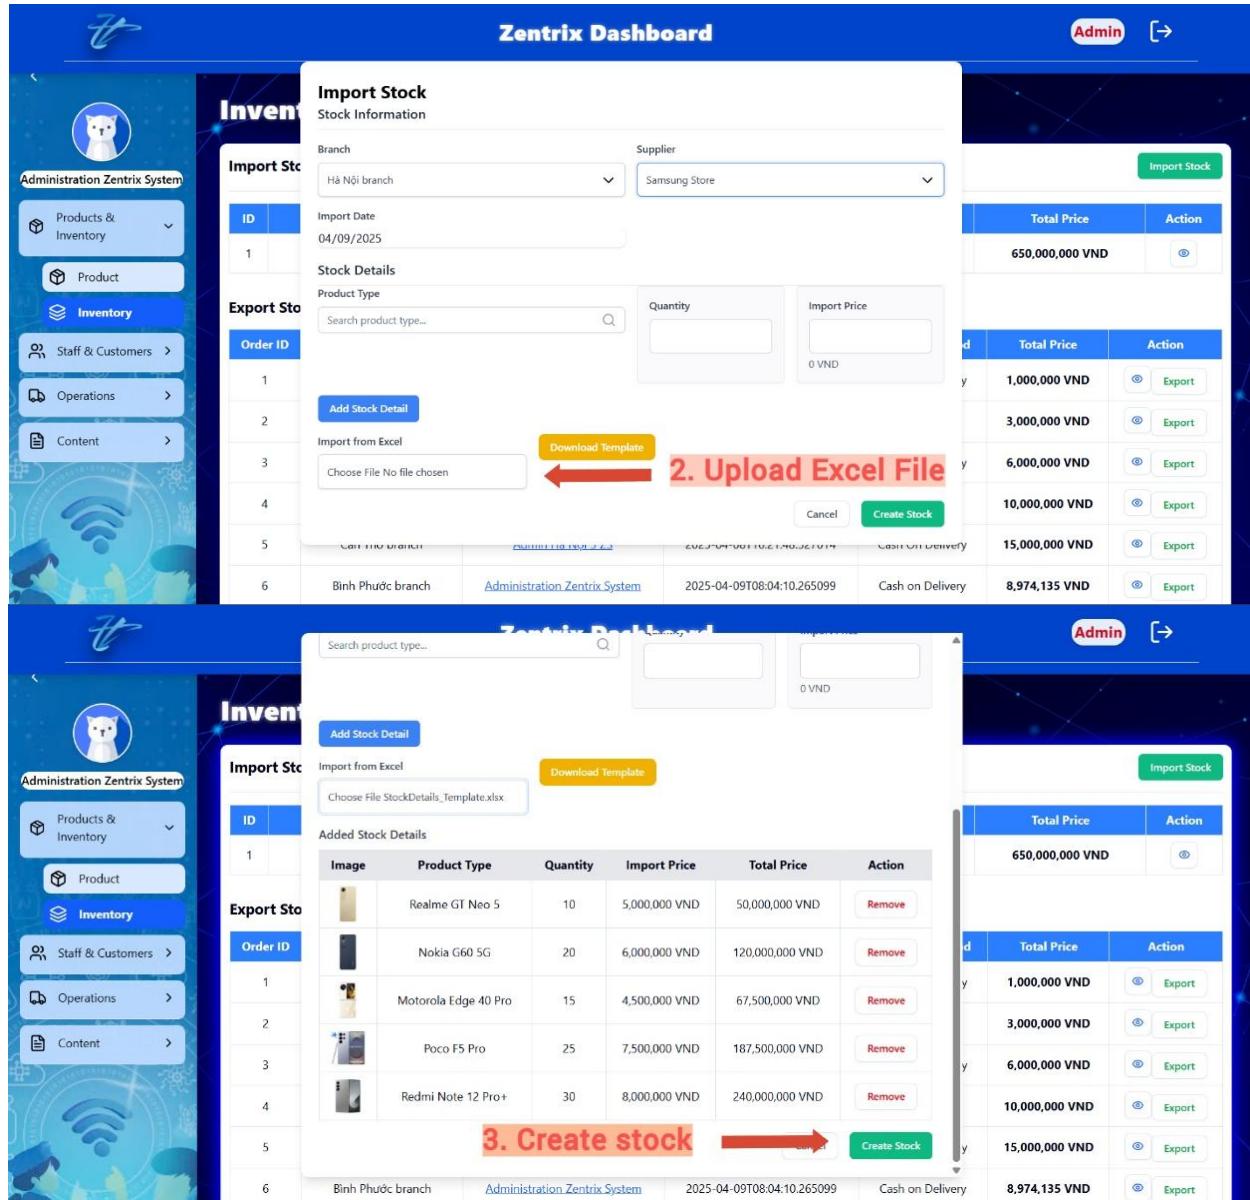

A screenshot of Microsoft Excel showing a table titled "StockDetails\_Template.xlsx". The table has columns for ProductType, Quantity, ImportPrice, and a note "Do not edit this row". The data rows include products like Realme GT Neo 5, Nokia G60 5G, Motorola Edge 40 Pro, Poco F5 Pro, and Redmi Note 12 Pro+. The "ImportPrice" column shows values such as 5000000, 6000000, 4500000, 7500000, and 8000000 respectively.

ProductType	Quantity	ImportPrice	
Realme GT Neo 5	10	5000000	< Do not edit this row
Nokia G60 5G	20	6000000	
Motorola Edge 40 Pro	15	4500000	
Poco F5 Pro	25	7500000	
Redmi Note 12 Pro+	30	8000000	

Figure 37. Example Product

The image consists of two screenshots of the Zentrix Dashboard, illustrating the "Import Stock" process.

**Screenshot 1 (Top):** Shows the "Import Stock" page. It includes fields for "Branch" (Hà Nội branch), "Supplier" (Samsung Store), "Import Date" (04/09/2025), and "Stock Details". A table lists products with their "Quantity" and "Import Price". A red arrow points from the "Download Template" button to the "Choose File No file chosen" input field, with the text "2. Upload Excel File" overlaid.

ID	Total Price	Action
1	650,000,000 VND	<input type="button" value="Import"/>
2	1,000,000 VND	<input type="button" value="Import"/>
3	3,000,000 VND	<input type="button" value="Import"/>
4	6,000,000 VND	<input type="button" value="Import"/>
5	10,000,000 VND	<input type="button" value="Import"/>
6	15,000,000 VND	<input type="button" value="Import"/>

**Screenshot 2 (Bottom):** Shows the same "Import Stock" page after a file has been uploaded. The "Added Stock Details" table now contains data for the five products listed in the template. A red arrow points from the "Create Stock" button to the "Create Stock" button, with the text "3. Create stock" overlaid.

ID	Total Price	Action
1	650,000,000 VND	<input type="button" value="Import"/>

**How Car Air Conditioning Works: A Step-by-Step Guide**

Ever wondered how air conditioning works in your car? and how it keeps you cool on those scorching hot days. Whether it's the middle of summer or you're stuck in traffic. The kind of days when it feels like the sun is just beating down on you, and your car's interior turns into an oven. You jump in, press the AC button, and within minutes, the air is cool and refreshing. But it's not just about a switch and cold air. There's a lot of science and engineering packed into that simple action.

When the AC is turned ON the car's climate control system sends a signal to engage the AC compressor clutch. The compressor is connected to the engine's crankshaft via a belt and is powered by the engine's mechanical energy. This contains one or more pistons housed inside cylinders. As the engine runs it drives the compressor, which compresses the refrigerant gas.

## PREPARATIONTECH MCING AT 2021 COGX FESTIVAL

Created At: 4/9/2025 • Author: admin-zentrixtutorial

Deborah Carter, PreparationTech's Managing Director, will be MCing sessions at CogX, a global festival on AI & Transformational Technology which takes place from June 14-16. A hybrid festival physically taking place in London and online, the Festival bills itself as "the world's largest gathering of CEOs, Entrepreneurs, Academics, Artists, Activists & Policy Makers working to realize the biggest transformational opportunities of our time and address the challenges along the way".

**Register for a free virtual pass**

This year, the Festival will explore the question "How do we get the next 10 years right?" through 1000+ speakers and 18 main themes. Topics will include creativity and technology, cyber defence, tech ethics, the future of work, health and well-being, global leadership, smart cities, next-generation infrastructure and more. Speakers represent companies and organizations such as Amazon, British Airways, the European Commission, the Alan Turing Institute, the United Nations, Backstage Capital, UNICEF, Coursera, Institute for the Future of Work, the OECD, Snap, Cisco and many others.

Why will PreparationTech even be there? Because students in high school and higher education and training institutions must understand AI and cutting-edge tech in terms of how they work and have the ability to think critically about their consequences, implications and ethics. The CogX Festival showcases global experts from around the world who talk about their projects, roles and organizations focused on areas such as open science, detecting online hate, fighting misinformation and sustainability.

### e) Search post

The screenshot shows the Zentrix Dashboard's Post Management section. At the top right, there is a search bar with the placeholder "Enter keyword to search post". A red arrow points from this search bar to the search input field below it. The main area displays a table of posts with columns for ID, Title, Description, Created By, Approved By, Status, Image, Created At, and Action. Each post entry includes a small thumbnail image, the post title, a brief description, the user who created it, the user who approved it, the status (ACTIVE), the creation date, and a row of three icons for edit, delete, and preview. The table has a blue header and white rows. At the bottom right of the table, there is a dropdown menu for "Items per page" set to 10.

The screenshot shows the Zentrix Store homepage. At the top, there is a search bar with the placeholder "Search something". A red arrow points from this search bar to the search input field below it. Below the search bar, there is a heading "Latest Technology Blogs" with the subtext "Stay updated with the latest trends in tech, gadgets, and software." To the right of the search bar, there is a button labeled "Search" with a red arrow pointing to it. The main content area features a grid of blog posts. Each post has a thumbnail image, a title, a brief description, and a "Read More" link. The posts include: "Pilot Program: High School Students Intern...", "PreparationTech MCing at 2021 CogX Festival", "How Car Air Conditioning Works: A Step-by-Step Guide", "Weekend Flash Sale - 15% Off Accessories", "Samsung Galaxy S25 Pre-Order Bonus", "Bluetooth Earbuds - Buy 1 Get 1 Free", "Gaming Laptop Deals - Up to \$200 Off", "iPhone 16 Series Launch - 20% Off", and "Samsung Galaxy S25 Pre-Order Bonus".

## 22. MANAGE BRANCHES

### a) Add branch

The image consists of two screenshots of the Zentrix Dashboard, illustrating the steps to add a new branch.

**Screenshot 1: Zentrix Dashboard - Step 1**

This screenshot shows the main dashboard with a list of existing branches. A red box highlights the "Create Branch" button in the top left corner of the table header. To its right, a blue callout box says "Click Create Branch To Create New Branch".

ID	Branch Name	Address	Phone	Actions
63	Phú Yên branch	Phú Yên city	090000063

55	Thanh Hóa branch	Thanh Hóa city	090000055	

**Screenshot 2: Zentrix Dashboard - Step 2**

This screenshot shows the "Create Branch" dialog box open. Three input fields are highlighted with red boxes: "Branch Name", "Address", and "Phone". To the right of each field is a yellow callout box with the text "Enter Branch Name", "Enter Address", and "Enter Phone" respectively. The "Save" button at the bottom right of the dialog is also highlighted.

## 23. COMPARE PRICE

The screenshots show the Zentrix Store interface for comparing products:

- Screenshot 1: Product Detail Page**  
Shows a Google Pixel 8 Pro smartphone. A yellow callout box with a red arrow points to the "Compare" button, which is highlighted with a red border.
- Screenshot 2: Compare Products Page**  
Shows a large blue button with a white plus sign (+). A yellow callout box with a red arrow points to this button, with the text: "Click on the button to add compare products".
- Screenshot 3: Search Results for Comparison**  
Shows a search bar with the placeholder "Enter keyword to search product". Below it is a dropdown menu listing several phones:
  - Samsung Galaxy S23 Ultra: 1,474,831.17 VND
  - OnePlus 11: 1,233,135.01 VND
  - Sony Xperia 1 V: 1,727,770.26 VND
  - Asus ROG Phone 7: 1,600,833.6 VND

The screenshot shows a comparison page for five smartphones. Each phone has its name, price, rating, and a 'Detail' button. A red arrow points to the 'Detail' button of the OnePlus 11, which is highlighted with a green border. Another red arrow points to the 'Remove' button of the same phone. A yellow box at the top right says 'Click the "Clear All" button to clean all compare products' with a red arrow pointing to the 'Clear All' button.

## 24. INCOME STATISTIC

The dashboard overview section displays two charts. The top chart, 'Income Overview - Stacked Expanded', shows a stacked area chart from April 8 to April 9. The legend indicates 'Export Revenue (VND)' in blue and 'Import Cost (VND)' in red. The total revenue is 35,000,000 VND. The bottom chart, 'Pie Chart - Income Distribution January - April 2025', shows a pie chart with one large red slice and one small white slice, representing the distribution of income for the period.
